

CDBG-DR 10-9
Non-supplanting Certification

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the applicant or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds.

_____ certifies that any CDBG-DR funds awarded shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

_____ understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under CDBG-DR, and civil and/or criminal penalties.
