

Chestnut Ridge Developer Forum and Q&A

The Kentucky Department for Local Government (DLG) and Fahe are hosting the Chestnut Ridge Developer Forum, specifically for non-profit developers.

This forum will provide an opportunity to discuss two Notices of Funding Availability (NOFA) that DLG released to solicit housing developers for both homeowner and rental development at the Chestnut Ridge High-Ground development site in Knott County, KY. This forum will be held at a location near the project site to allow developers to participate in a site visit.
