Benefit Tiers

With statutory changes enacted in 2008 and 2013, the retirement eligibility and structure of retirement payments changed dramatically.

KPPA designates members in three distinct tiers, based on initial participation date:
A Defined Benefit Plan pays benefits based upon a formula.

September 1, 2008*

DEFINED BENEFIT PLAN

Years of Service

CURRENT SERVICE is earned as a contributing member. For each month in which wages and contributions are reported for regular full-time employment, a member earns one month of service credit.

- A regular full-time position averages 100 or more hours per month over a calendar or fiscal year.
- For local school boards, a regular full-time position is a permanent full-time, permanent part-time or substitute non-certified position where the job duties require the employee to average 80 or more hours of work per month over actual days worked.

CERS employers may choose to split cost of sick leave in excess of 6 months or elect to pay the entire cost.

ALTERNATE SICK LEAVE PLAN: Members are paid for unused sick leave and receive service credit at termination or retirement.

Subject to the employer's personnel policy.

Purchasing Service

Basic Requirements for Purchased Service Credit

There are over 30 types of potential service purchases available for Tier 1 members, based on prior work history. You can review service purchase types and eligibility requirements on our website:

<https://kyret.ky.gov/Members/Tier-1/Pages/Purchasing-Credit.aspx>

Most types of service must meet minimum requirements in order to be purchased:

- The service must be in a full-time position in accordance with Kentucky Revised Statutes 61.510 and 78.510.
- The service cannot be credited to another defined benefit retirement plan.
- The member or the employer must provide verification of employment as required by KRS.

Most purchase types require the member to be participating and vested in KERS, CERS, or SPRS at the time the purchase is made.

Purchasing Service Credit

Types of Service Credit for Tiers 1 and 2

VESTED PURCHASE TYPES

Past Service	Active Duty Military	National Guard/Reserves	State University Service	Out-of-State Service
Temporary	Seasonal	Other Public Service	Educational Leave	Federal Government
Interim	Emergency	Maternity Leave	Sick Leave without Pay	Part-Time

In order to be vested, a member under the age of 65 must have at least 60 months of service credit while a member over the age of 65 must have at least 48 months of service.

Benefits of Purchased Service

For members who participated prior to 8/1/2004, purchasing service allows them to retire earlier.

Compare estimates with and without eligible service purchases:

- Carefully compare the cost of the service credit against the benefits of the purchase.
- Weigh the cost against the recovery of the investment.

FOR EXAMPLE:

A non-hazardous member can work 22 years, purchase 5 years of service and retire without penalty based on 27 years of service.

- Partial years may be used to determine Final Compensation
- A minimum of **48 months** may be used in the averaging of salary for **NON-HAZARDOUS**

Retirement Payment Options

Upon retirement, KPPA provides various payment options.

- Carefully review the payment options.
- No changes can be made to the payment option or the designated beneficiary after the 1st day of the month the first check is issued.
- Test each option by assuming various contingencies and the likelihood of the contingencies occurring.
- For most payment options, an individual must be receiving a monthly retirement allowance to participate in the medical insurance program.

Reemployment After Retirement

AGENCY NAME CHANGE

2021, the Kentucky Retirement Systems (KRS) as an agency of the Commonwealth will be Kentucky Public Pensions Authority (KPPA).

Reemployment After Retirement

Currently over 115,000 people draw a monthly benefit from the Kentucky Public Pensions Authority, either as a retiree or as a beneficiary of a deceased retiree. Retirement brings many changes to the lives of our members, and when or how to retire is one of the biggest decisions we all face.

This section of our website can help you learn more about the retirement process, the benefits provided to our retirees, and what retirees can do to re-enter the workforce.

DID YOU KNOW?

KPPA livestreams Board and Committee Meetings on our Facebook page. We invite you to join us for future meetings by going to the [KPPA Facebook page](#) on the date and time of the meeting. You can also watch videos of prior meetings. [Click here](#) to view the meeting schedule.

Twelve (12) Month Rule

WITHIN TWELVE (12) MONTHS OF RETIREMENT:

If a retired member seeks employment or begins serving as a volunteer with a participating agency within twelve (12) months of his or her effective retirement date, both the member and the participating agency must notify KPPA by submitting the necessary forms.

AFTER TWELVE (12) MONTH OF RETIREMENT:

Neither a retired member nor the participating agency are required to notify, seek final determination, or submit forms to KPPA related to any employment, independent contractor, leased employee, or volunteering accepted twelve (12) months after the member's effective retirement date.

Reemployment after Retirement

THINGS TO CONSIDER

- Break in service is required:
 - Regular, full-time reemployment requires a **ONE** calendar month break in service from the effective retirement date
- No reporting exemption based on age
- No second retirement account

Reemployment after Retirement

If you do NOT observe a proper break or if you have a prearranged agreement, your retirement will be
VOIDED!

...and

You will be required to repay all the benefits you have received
