SECTION I

KENTUCKY'S GOALS AND OBJECTIVES

The Kentucky Recovery Housing Program (RHP) maximizes efficiency in program delivery and effectiveness of federal dollars. The following goal and objective was adopted to promote community development:

Goal: To Help Individuals in Recovery from a substance use disorder become stably housed, herein referred to as the Recovery Housing Program, or RHP.

Objectives: This pilot program will support individuals in recovery onto a path to self-sufficiency. By providing stable housing to support recovery, RHP aims to support efforts for independent living. More specifically, the DLG RHP program will provide funds to develop housing or maintain housing for individuals.

SECTION II

NATIONAL OBJECTIVES

National Objective Benefit Low-and Moderate-Income Persons based on the Limited Clientele criteria, as modified by the RHP Notice

1. Expansion of Limited Clientele National Objective to include RHP-assisted housing.

HUD is imposing a waiver and alternative requirement to the limited clientele national objective criteria at 24 CFR 570.208(a)(2) and 570.483(b)(2)(i)(B) to the extent necessary to enable the use of the limited clientele national objective for acquisition, rehabilitation, reconstruction, or new construction activities assisted by RHP funds that provide stable, temporary housing to individuals in recovery from substance use disorder.

Activities which Benefit Low- and Moderate-Income Persons

An activity will meet this objective if 51% of the persons benefiting from the activity are of low and moderate income. Low- and moderate-income levels are defined in the Act as Housing and Urban Development (HUD) determined calculations based on median family income. Income figures for each county or area and further information on how an activity may meet this test can be obtained from the Department for Local Government (DLG).

Required Documentation

Applicant must maintain records that at least 51% of the persons benefiting from the activity are of low and moderate income. Low- and moderate-income beneficiaries must be accounted for on the Person Benefit Profile form. Documentation must be maintained verifying the low- and moderate-income beneficiaries. This information must be explained, and the sources and the applicable regulation cited on the appropriate forms.

SECTION III

H. **Citizen Participation**

Citizen participation requirements must be met as part of application requirements. The Act requires units of local government to provide reasonable opportunities for citizen participation, hearings and access to information with respect to local community development programs. At a minimum, a community must perform the following activities:

1. Furnish citizens with information that explains the program. Prior to the public hearing, a notice must be published informing citizens that the following information is available for review:
 - a. A detailed description of the project being proposed.
 - b. Amount of RHP funds expected to be made available, range of activities that may be undertaken and if applicable, available and/or anticipated program income.

- c. Estimated amount of RHP funds proposed for activities benefiting persons of low and moderate income.
 - d. Plans for minimizing displacement of persons because of activities assisted with RHP funds and plans for providing assistance to those persons to be actually displaced as a result of RHP funded activities.
 - e. Summary of other important program requirements.
2. Hold the first public hearing.
- a. The main purpose of this hearing is to obtain views on Recovery Housing and community development needs and review proposed activities. In addition, the hearing will review the proposed application and discuss how the proposed project will provide stable, temporary housing for individuals in recovery from substance use disorders.
 - b. Advertise the hearing in accordance with state and federal laws. KRS 424.130 requires that the public hearing must be advertised at least once, not less than seven (7) or more than fifteen (15) days prior to the date of the hearing. Pursuant to KRS 446.030, the date of the hearing is **not** to be included in the computation of time. Example: For a public hearing scheduled on Tuesday, June 8th, the newspaper advertisement must be published no earlier than May 18th and no later than June 1st. The notice must include TTY 711. All advertisements shall be published, pursuant to KRS 424.120, in the newspaper of largest bona fide paid circulation that publishes in the publication area.
A newspaper is considered to “publish” in the publication area **only** if it maintains its principal office in the publication area. “Publication area” means “the city, county, district, or other local area for which an advertisement is required by law to be made.”
 - c. Undertake and document additional advertisements to reach low- and moderate- income persons. Such efforts could include:
 - 1. Distributing or posting of leaflets at neighborhood groceries, churches, and community centers.

 - 3. Provide radio (and television if available) and internet (zoom), etc.) public service announcements for broadcast.
 - d. Inform citizens that technical assistance is available to help groups representing low- and moderate-income persons in developing proposals. Designate where this technical assistance may be obtained.
 - e. Hold the public hearing in a location accessible to the disabled and at a time and place convenient to potential or actual beneficiaries. The hearing must provide maximum opportunity for community input.

- f. Arrange for interpreters for non-English speaking persons if applicable. Guidance on analyzing the project service area for persons with limited English proficiency is provided in DLG's 2018 CDBG Handbook, Chapter 1, Section 1-D and Chapter 7, Section 7-B.

- g. A project description must be available for review seven (7) days prior to the public hearing and the advertisement must identify where a copy of the description may be obtained.

3. Pursuant to 24 CFR 570.486(a) (6) of the CDBG Small Cities Regulations, and public hearings are also necessary during a project when a modification is proposed that substantially changes the original activities, whether activities are added or deleted.
4. A second public hearing must be held prior to closeout.
 - a. The main purpose of this hearing is to review past use of funds and program performance.
 - b. Advertise the hearing in accordance with state and federal laws that the project is nearing closeout and comments from the public are invited. KRS 424.130 requires that the public hearing must be advertised at least once, not less than seven (7) nor more than twenty-one (21) days prior to the date of the hearing. Pursuant to KRS 446.030, the date of the hearing is not to be included in the computation of time. I. **e-Clearinghouse Review**

All RHP applications are subject to the e-Clearinghouse review process and **must** have an endorsement to be approved for funding. Applicants invited to submit the full application must include an e-Clearinghouse endorsement letter as part of their application.

While most e-Clearinghouse reviews can be completed within thirty (30) business days, some reviews may take longer, depending on the project circumstances. Applicants must allow for that additional time. Failure to do so **will** disqualify the application.

All e-Clearinghouse submissions must be made electronically at:

https://kydlgweb.ky.gov/eClearinghouse/16_echHome.cfm .

Please use the instructions link on the ECH website to have a timely and efficient review.

It is recommended that applicants work directly with the State Historic Preservation Officer (Kentucky Heritage Council) during the e-Clearinghouse review process to ensure completion in a timely manner.

Please go to the [Kentucky Heritage Council's Site Protection Program](#) website and follow the directions for the 106 plan. Supplemental documentation supporting the project review, such as pictures of the surrounding area and project site, maps of the project site, and detailed cost estimates may be required. Please note applicants must include a written determination of eligibility for listing on the National Register of Historic Places from the Kentucky Heritage Council. Also, written approval of the project from the State Historic Preservation Officer in the application for funding (*if applicable*). In most cases, this will be in addition to the e-Clearinghouse endorsement. For assistance at the Kentucky Heritage Council please contact:

Yvonne Sherrick
Kentucky Heritage Council
Barstow House
410 High St.
Frankfort, KY 40601
Office: (502) 892-3602

J. **Standard Application Forms**

All pre-submission applications must be submitted on RHP pre-submission forms. Applicants selected to submit a full RHP application will receive notification for access to the full application. Pre-submission forms may be downloaded from the DLG website (www.dlg.ky.gov). **Please note: A certified CDBG project administrator must be procured to complete the full application.**

K. **Life of Application**

Unsuccessful RHP pre-submissions may be eligible for reconsideration and notified to submit a full RHP application upon approval from DLG. Applicants invited to submit a full RHP application will be required to submit all supporting documentation as part of the full application and/or as requested by DLG.

L. **Notification**

Applicants will be notified in writing when funding decisions have been made.

M. **Program Income**

Income generated from the use of RHP funds is subject to 42 U.S.C. 5304(j), 24 CFR 570.489(e) (states), and 24 CFR 570.500 and 570.504 (District of Columbia) regarding program income. To expedite or facilitate the use of RHP funds, HUD is issuing the following alternative requirements to program income provisions at 24 CFR 570.489(e) and 24 CFR 570.504 as described below.

1. Definition of Program income. HUD is modifying 24 CFR 570.489(e)(1) (states) to modify the definition of "Program income" to include gross income received by subrecipients that was generated from the use of RHP funds. In addition, HUD is modifying 24 CFR 570.489(e)(2) (states) and 24 CFR

570.500(a)(4) (District of Columbia) to exclude from program income any income received and retained by a nonprofit operating within the grantee's jurisdiction whose primary mission includes serving individuals in recovery from substance use disorder. If a grantee chooses to require the nonprofit to return income generated from the use of RHP funds, the income returned by the nonprofit to the grantee would be defined as program income.

2. Treatment of program income. Prior to close out of an RHP grant, except as described in (2) below, a grantee must transfer program income to another open RHP grant or its annual CDBG program. Program income received by a grantee after closeout of all RHP grants must be transferred to the grantee's annual CDBG award. Once transferred to the annual program, the waivers and alternative requirements that apply to the RHP grant no longer apply to the use of transferred program income. Rather, those funds will be subject to the grantee's regular CDBG program rules.

N. **Procurement – Open Competition**

KCDBG procurement must be conducted in a manner that ensures full and open competition consistent with the standards set forth in 2 CFR Part 200 and the KCDBG Procurement Code. All services to be provided must be procured in accordance with 2 CFR Part 200 and the KCDBG Procurement Code. Actions that might restrict competition would include:

- Placing unreasonable requirements on firms for them to qualify to do business.
- Requiring unnecessary experience

C. Recovery Housing Program Review Criteria

For a project to be funded, a determination must be made regarding project need, reasonability of costs and overall project effectiveness. To make this determination the following considerations will be applied to each project:

1. Project Need

The project must substantiate and address a need that is significant to the needs of the community. Entities with the greatest need and **entities with the ability to deliver effective assistance in a timely manner will receive high priority.**

2. **Necessary and Reasonable Expenditure of RHP Funds**

The project must substantiate that RHP funding is necessary to meet the identified need(s); the impact of RHP dollars is maximized and the use of RHP funds is reasonable when compared with other funding sources. The state will determine whether all other feasible public and private funding sources have been analyzed and/or applied to the project. To assure that funds are committed, funding commitments from public/private funding sources shall be included in the application. The commitments may be contingent on RHP funding.

3. **Project Effectiveness**

The project must substantiate that project accomplishments would be significant given the need, amount of funds requested, local effort and program design.

4. **Project Leveraging**

The project should maximize and leverage the federal and non-federal assistance related to substance abuse, homelessness and at-risk of homelessness, unemployment, and other similar services.

5. **Project Timeliness**

Projects must meet the greatest need and ability to deliver effective assistance in a timely manner.

D. **Project Review Committee**

The findings will be submitted to the review committee designated by the Commissioner. The committee will meet to evaluate projects based on the review criteria and staff comments. The committee will determine approval, rejection, or deferral. Projects that do not meet all three review criteria will not be funded. In the event demand exceeds the amount of funds available, those projects with the greatest need and effectiveness will be recommended for funding.

In some situations, a project will be eligible for partial funding. In such instances, DLG will negotiate with the applicant to ascertain whether the project can be reduced in size or restructured.
