I. PROJECT OVERVIEW

A. EXECUTIVE SUMMARY

The City of Versailles (“Versailles” or “the City”) is accepting proposals (“Proposals”) to enter into an economic development lease agreement (“Lease”) or public-private partnership (“P3”) agreement (“P3 Agreement”) to develop an entertainment complex (the “Project”) at 525 Marsailles Road, Versailles, KY 40383 (the “Building” or the “Project Site”). The City seeks a highly qualified partner (“Respondents” or “Private Partners”) who can provide more entertainment options to the residents of Versailles. Versailles is willing to be creative with its arrangement and share risk and reward with the right Private Partner.

The City is accepting Proposals to lease the Building, to include developing the Building as an entertainment complex and providing entertainment services to the general public. In the event an economic development lease arrangement is not viable, Versailles will also accept P3 Proposals to design, build, finance, operate, and/or maintain the Building for this purpose.

B. CITY OBJECTIVES

Versailles seeks to accomplish the following objectives with this Project:

1. Provide high quality entertainment options for residents of all ages;
2. Achieve an optimal balance of risk allocation between the City and Private Partner;
3. Create job opportunities for residents;
4. Develop and maintain a streamlined project schedule; and
5. Provide the City with a single point of accountability and collaboration for the Project’s performance.

II. PROJECT SPECIFICATIONS

This Project provides a unique opportunity to partner with the City of Versailles to provide entertainment services to a population hungry for more local options. The City is highly motivated and interested in partnering with a team who is willing to invest time and energy into developing a state-of-the-art facility.

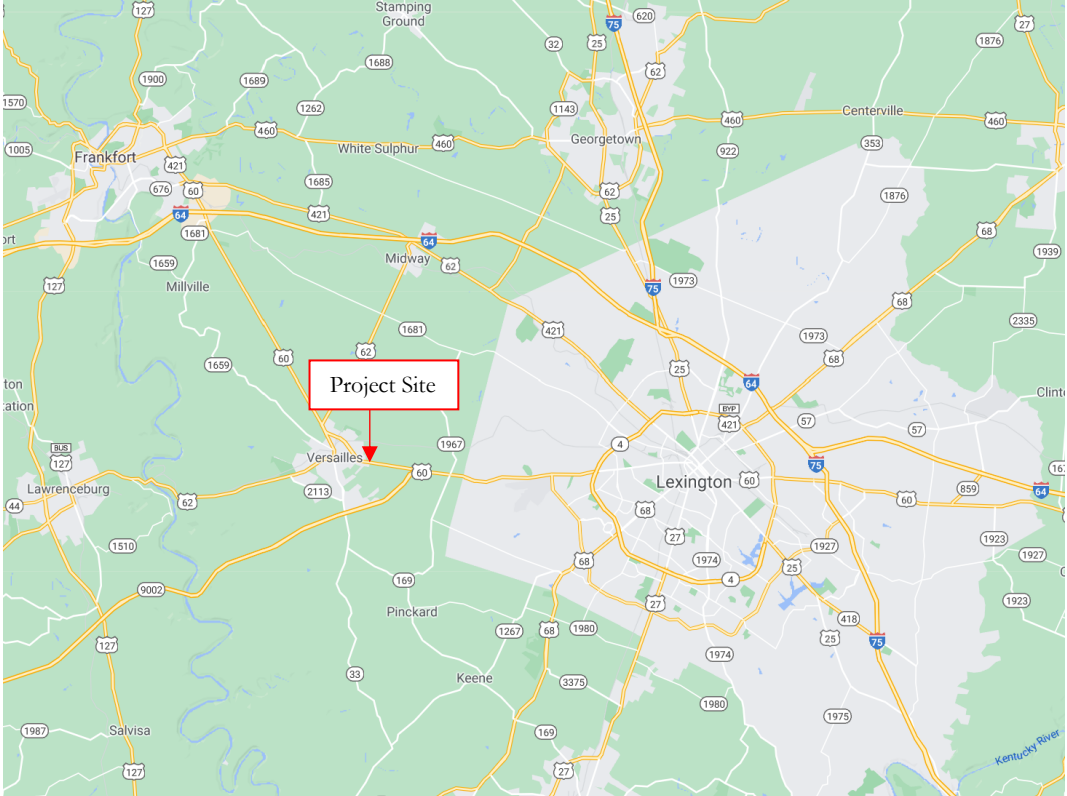

Versailles is strategically located among some of Kentucky’s most well-regarded attractions including several beloved bourbon distilleries on the Kentucky Bourbon Trail, which hosts over 1 million visitors a year, the internationally renowned Keeneland racecourse with over 250,000 visitors a year, and dozens of majestic Bluegrass horse farms. Over 550,000 people live within 25 miles of Versailles and over 1.1 million live within 50 miles, which are both considered reasonable driving distances for entertainment in this market.

The approximately 76,000 square foot Building was most recently used as a Kroger grocery store. The Site is located within a shopping center next door to the Versailles Brewing Company and a U-Haul facility (labeled as Sears Appliance Repair in the imagery below). There are over 230 parking spaces in front of our proposed building with potential for additional parking in front of U-Haul.

The Site sits on a major highway just 3 miles outside of Lexington-Fayette Urban County and is within a reasonable driving distance of several population centers. According to the Kentucky Transportation Cabinet, *over 25,000 vehicles pass the site daily.*

The map and aerial image below and this [link](#) provide a visual of where the Project Site is in relation to the surrounding cities and other businesses.

A. PROJECT SCOPE

Versailles desires the Project Site to be used to provide entertainment opportunities for residents of all ages and further the City's objectives. The entire 76,000 square foot Building may be used for the Project. However, if the Private Partner requires less space, Proposals could reserve up to 20,000 square feet for the City's purposes. The Building is in good condition, but would need to be outfitted by the Private Partner.

Potential entertainment attractions could include but are not limited to bowling lanes, arcades, miniature golf, laser tag, golf simulators, indoor playground, trampolines, climbing, virtual reality experiences, basketball games, movie theaters, billiards, ropes course, indoor sports facilities, virtual golf, and obstacle courses. Proposals should include plans to provide food and beverage service.

Private Partner must be willing to have a "Versailles Day" every other month for local children. This obligation will be memorialized in any lease agreement or P3 agreement.

Private Partner may advertise to multiple markets but must conduct targeted advertisement in Woodford, Scott, Franklin, and Anderson Counties.

Proposals may include additional uses of the building not listed in the RFP in furtherance of the City's objectives, to include additional revenue-generating uses.

1. LEASE ARRANGEMENT

The City is accepting proposals to lease the Building from the City pursuant to an economic development lease that is innovatively structured to provide creative solutions for sharing risks and rewards with the City while reimbursing the Respondent for upfront costs to undertake the Project. Innovative structures may include reduced base rent to recoup the costs of improvements and revenue sharing with the City through "percentage rent."

Any proposal for an economic development lease should also address funding or financing any of Respondent's "base build" or "white box" requirements as well as the costs of the Respondent's proposed build out, including the installation of furniture, fixtures and equipment. Respondents should assume that the City's primary contribution will be the acquisition of the Project Site. Proposals should address which party will own the furniture, equipment, etc. during and upon conclusion of the lease Term.

Economic development lease proposals should also include a proposed base term, the length of any renewal terms as well as a proposed rent escalation schedule, which may include the escalation of both base rent as well as any percentage rent.

The City anticipates that any lease arrangement will be a "triple-net" lease arrangement with the Respondent covering any and all costs attributable to the ownership of the Building and the construction of the Project, including real property taxes, tangible property taxes, sales taxes, utilities and such other customary expenses and fees.

2. P3 PROPOSALS

In the event an interested party is not able to structure their Proposal as an economic development lease, Respondents can submit P3 Proposals to design, build, finance, operate, and/or maintain the entertainment complex. Proposals must include the Private Partner assuming operations responsibility at a minimum.

Versailles welcomes creative Proposals that take full advantage of all applicable financial incentives, tax credits, and arrangements and will score the Proposals' entire capital stack. Respondents may propose financing for a range of amounts and terms or for a maximum amount and term.

Respondents should assume the City will provide no funds up front and the City will make payments to the Private Partner from City appropriations. Respondents are encouraged to propose revenue-generating uses of the Project site to offset the costs of the project.

B. DUTIES AND RESPONSIBILITIES OF THE PRIVATE PARTNER

The Private Partner will engage in the following duties and responsibilities, as applicable to the types of Proposals agreed to by the parties:

1. The Private Partner shall procure all necessary permits and licenses and abide by all applicable laws, regulations, and ordinances of all Federal, State, and local governments in which work under this contract is performed. The Private Partner shall maintain certification of authority to conduct business in the Commonwealth of Kentucky during the term of this contract. Such registration is obtained from the Secretary of State, who will also provide the certification thereof. However, the Private Partner need not be registered as a prerequisite for responding to the RFP. Additional local registration or license may be required. The Private Partner shall pay any required sales, use, and personal property taxes arising out of this contract and the transaction contemplated hereby. Any other taxes levied upon this contract, the transaction, or the equipment or services delivered pursuant hereto shall be borne by the Private Partner.
2. If applicable, provide performance and payment bonds on the design and construction portions of the agreement as required under KRS 45A.435 and KRS 65.028(5)(b).
3. If applicable, provide maintenance bonds, warranties, guarantees, and letters of credit in connection with the Private Partner's activities in the forms and amounts satisfactory to the City, as required under KRS 65.028(5)(b).
4. If applicable, provide City with access to the Private Partner's personnel, documents, and the Project sites for the purpose of monitoring construction progress and operational and maintenance performance, as agreed to be the parties and required under KRS 65.028(5)(d).
5. Maintain public liability insurance or self-insurance in a form and amount satisfactory to the City and reasonably sufficient to insure coverage of tort liability to the public and employees and to enable the continued operation of the Project, as required under KRS 65.028(5)(e).
6. Respond to contractual operational or maintenance requests within an agreed upon time.
7. Participate in scheduled reviews of the Project's performance with the City and its designees. If the lease or P3 Agreement include revenue or cost sharing, these reviews will include inspecting the Private Partner's financials related to the Project.
8. Reasonably respond to the City's requests for information on the Project's status.
9. In the event the Project is delivered as a P3 under KRS 65.028 instead of a lease, the Private Partner must pay for a feasibility study that addresses all requirements in 200 KAR 5:355(2)(2). The City retains final approval authority over which entity conducts the study. The study must be complete within 30 days after negotiations are completed. P3 Proposal budgets and schedules should account for the P3 study.
10. Coordinate all Project press engagements through the City's designee.

C. METHODS OF OVERSIGHT TO BE EMPLOYED BY VERSAILLES

1. City employees, representatives, and other designees, to include outside consultants, will monitor the Project's progress and performance.
2. The City will request information from the Private Partners and inspect the Project Site as necessary to ensure the Private Partner is meeting its obligations.
3. The City will hold regularly scheduled reviews of the Project's performance with the Private Partner. If the lease or P3 Agreement include revenue or cost sharing, these reviews will include inspecting the Private Partner's financials related to the Project.

D. DUTIES AND RESPONSIBILITIES OF THE CITY

The City will assume the following duties and responsibilities:

1. Oversee the Project as outlined in Section II.C.
2. Coordinate with the Private Partner to apply for and secure any necessary permits, licenses, financial incentives, or tax credits, and meet any other local, state, or federal requirements.
3. Reasonably provide information as necessary for the Private Partner to meet its duties and responsibilities in Section II.B and the lease or P3 Agreement.

All participants interested in submitting a Proposal are invited to attend. Respondents must register for the site visit by emailing BTraugott@versaillesky.com and indicating how many attendees the City should expect.

Respondents are encouraged to acknowledge each addendum by signing and submitting the latest addendum with their response. However, signing the face of the solicitation constitutes the Respondent's acknowledgement of and agreement to be bound by the terms of all addenda issued.

Failure to specifically acknowledge addenda will not excuse the Respondent from adhering to all changes to the requirements of the solicitation set forth therein nor provide justification for any pricing changes.

7. Protest Policy

Any actual or prospective Respondent, who is aggrieved in connection with solicitation or selection for award of a contract, may file protest with the Versailles City Clerk/Treasurer pursuant to the City's Bid Protest Policy (Attachment B: Bid Protest Policy).

IV. SELECTION AND EVALUATION PROCESS

A. SELECTION PROCESS

Respondents are asked to submit a detailed response to the RFP outlining their Proposal, along with specific information on their experience in operating similar projects and the expected elements of their development team.

It is anticipated that upon receiving the RFP responses, the City's Selection Committee will review submissions and select a set of finalists for competitive negotiations based upon best value, determined by the extent to which those submissions meet the standards and qualifications contained in the Evaluation Criteria. At the conclusion of that process, the Selection Committee will recommend one of the finalists or multiple finalists as the Private Partner(s) for this Project.

1. Initial Review

The Selection Committee will conduct an initial review of all submittals received for completeness. Proposals shall be completed in all respects as required by this RFP. A Proposal may be rejected if it is incomplete, contains any alterations or other irregularities of any kind, and will be rejected if any such defect or irregularity can materially affect the quality of the Proposal. Proposals which contain false or misleading statements may be rejected. If, in the opinion of the City and Selection Committee, such information was intended to mislead the Selection Committee in its evaluation of the Proposal, and the attribute, condition, or capability is a requirement of this RFP, the Proposal will be rejected. The Selection Committee also reserves the right to waive minor technicalities or irregularities in Proposals if such action is in the City's best interest. Such waiver shall in no way modify the RFP requirements or excuse the Respondent(s) from full compliance with the RFP and applicable law. Statements made by a potential Private Partner shall also be without ambiguity, and with adequate elaboration, where necessary, for clear understanding.

The Respondent, in responding to this RFP, must submit Proposals in the format identified in this RFP. The Proposal must address all requirements of the RFP even if a "no response" is appropriate. Costs for developing Proposals or in connection with any interview or negotiation related to this RFP are entirely the responsibility of the Respondent and shall not be chargeable to the City.

2. Evaluation

The City's Selection Committee will evaluate complete submittals based on the evaluation criteria, the small business preference, the reciprocal preference for resident bidders, and the qualified bidder preference, as outlined below. The City reserves the right to request additional information from Respondents and may elect to visit Respondents' completed projects.

The City reserves the right to require Oral Presentations/Demonstrations by some or all of the Respondents to verify or expand on the Technical or Cost Proposals. The City reserves the right to reject any or all proposals in whole or in part based on the oral presentations/demonstrations. The City reserves the right to not conduct oral presentations/demonstrations if they do not affect the final rankings.

3. Selection of Private Partner

Following the interviews, the Selection Committee will recommend to the City the Respondent(s) for competitive negotiations. The City will select the final Proposal(s) that is most advantageous to the City.

V. REQUIRED CONTRACT TERMS

By responding to this RFP, Respondents agree to the following terms in the Agreement:

1. Contract Components and Order of Precedence

If the remainder of this contract is capable of performance, it shall not be affected by such declaration or finding and shall be fully performed.

3. Modifications and Waivers

No modification, change, or waiver of any provision in the contract shall be made, or construed to have been made, unless such modification or waiver is mutually agreed to in writing by the Private Partner and the City, and incorporated as a written amendment to the contract.

Memorandum of understanding, written clarification, and/or correspondence shall not be construed as amendments to the contract.

If the Private Partner finds at any time that existing conditions made modification of the contract necessary, it shall promptly report such matters to the City for consideration and decision.

4. Changes in Scope

The City may, at any time by written order, make changes within the general scope of the contract. No changes in scope are to be conducted except at the approval of the City.

5. Contract Conformance

If the City determines that deliverables due under the contract are not in conformance with the terms and conditions of the contract and the mutually agreed-upon Project plan, the City may request the Private Partner to deliver assurances in the form of additional contractor resources and to demonstrate that other major schedules will not be affected. The City shall determine the

quantity and quality of such additional resources and failure to comply may constitute default by the Private Partner. The City reserves the right to award any contract to the next highest scoring Respondent, if the successful Respondent does not execute within a specified deadline the contract after selection of a preferred Private Partner.
